

Hi Topaz 3,4 and 5,

We hope you have had a good week and that you have been able to have a go at some of your home learning. Remember our topic this half term is 'In the Garden', which gives you loads of opportunities to look around you when you go for your daily exercise! We hope that you have been having a go at the Mathletics challenges and keeping up with your phonics. It seems such a long time ago since we were in class, doesn't it? We all really miss you and hope you are safe. Make sure you look after your adults and brothers and sisters too!

Love from Catherine, Mrs Petty, Miss Jones and Mrs Clarke

Hello Topaz 5

I have had some good walks this week and saw these cute ducklings by the River Pool! I hope we see each other soon. Meanwhile, keep up your Mathletics learning and make sure you send us all the things you have been doing. Mrs Petty

Dear Topaz 3,

I hope you are still all keeping well and making yourselves as busy and as helpful as possible! Thanks to the weather change, I have been spending more time indoors- playing board games with my family, reading books, watching some movies in the evenings, but also... baking! We used the rosemary growing in our garden and made a lovely loaf of rosemary bread! The smell was divine and we all tucked into it when it was still warm. I can share the recipe with your grown-ups when we see each other again. It was fun plaiting the dough strands!

Thank you all for going on Mathletics so often! I check it every day and am very proud of you! Thank you James for your lovely letter! It's great to know you keep up your love of football!

Miss you all lots! I'm looking forward to seeing more letters from you. Stay well!!

Mrs Clarke

Hello Topaz

This week I have spent some time doing my favourite activity... baking! I've made cheese scones and brownie cookies which were lots of fun to make and very tasty! I had to be a 'concentrating crocodile' for the brownie cookies, as I had to weigh the ingredients accurately. But for the scones I got to be a 'creative chameleon' as I decided to add in extra ingredients of my choice!

Can you remember any of the characteristics of effective learning? Which ones have you been using in your play and learning at home?

Let's see if we can use some different ones next week! Catch up then.

Keep happy & stay safe

Miss Jones x

Hello again!

It looks like we have all been busy cooking, doesn't it? As a family, we joined together to cook some Jamaican food. My children are learning about the Caribbean and food from around the world so this was also fun, active learning that they really enjoyed! Some of the recipes we made were Jamaican patties and Grater cake. Both were delicious!

I have enjoyed looking at all the learning that has been sent in, keep it coming. Remember to be kind and helpful :-)

Love Catherine x
