

ACTIVITY 2 - KATIE'S CLASS

There are 14 girls and 15 boys in Katie's class.

How many children are there in the class altogether?

HINT

Do the numbers in the question tell you about 'parts' of the class or the whole of the class? Are you clear about what you know and what you need to find out? What will the bar represent? What is the calculation that you need to do in order to solve the problem? What is the answer?
