

ACTIVITY 24 - JAM TARTS

Mohammed, Ambreen and Safia baked jam tarts for the school fete. Mohammed baked 3 times as many as Safia. Ambreen baked half as many as Mohammed. Altogether, they baked 88 jam tarts.

How many did Mohammed make?

HINT

Work methodically to build up the picture - a bar for each child. Start with Mohammed and Safia. When you draw Ambreen's bar, you will need to reconsider the number of segments that the bars have.
