

ACTIVITY 28 - SPRING AT THE FARM

Justin and Tim went to the Children's Farm with their Nana. They saw lots of baby chicks and ducklings in 'The Hatchery'. There were 54 chicks and 10 fewer ducklings than chicks.

How many chicks and ducklings were in 'The Hatchery' altogether?

**HINT**

Start by drawing a bar to represent the chicks. Below this, draw a bar to represent the ducklings. Can you see what to do next?
